

Dear Sir/Madam

The University of Central Lancashire, Cyprus (UCLan Cyprus) is a newly built, private university in Cyprus and is part of the University of Central Lancashire Group, offering a unique blend of knowledge and practical experience combined with modern relevance.

The university's vision is to be recognised as a world-class modern university, actively involved in research and embracing an international culture in the student community, teaching staff and research projects. If your HEI shares this vision then we already share a common ground on which we can build a strong partnership under the Erasmus+ programme.

Undergraduate programmes at UCLan Cyprus are 4-year route programmes taught entirely in English and conform to ECTS credit points. The courses that our students take during their year abroad must be taught in English. We are currently looking for partners for student and staff mobility in the following areas:

BA Accounting and Finance
BA Business Administration
BA Hospitality and Tourism Management
BSc Computing
BSc Mathematics
BSc Psychology
